Dear Shareholder:

Thank you for being a shareholder of WSTCM Credit Select Risk-Managed Fund (the "Fund"). WST Capital Management ("WST" or the "Advisor") values your investment in the Fund and your trust in our strategy. The one-year period ended August 31, 2022, can be decomposed into two key themes split between calendar year 2021 and 2022. Calendar year 2021 brought about a post COVID-19 euphoria, triggering higher than expected inflation prints. In 2022 the Federal Reserve (the "Fed") reacted and began tightening monetary conditions, somewhat unexpectedly, creating a negative market reaction. If you recall our letter for the year ended August 31, 2021, the futures markets were not pricing in a federal funds rate hike until at least the fourth quarter of 2022.

Given the defensive rotations consistent with the risk-managed design, the Fund has managed to weather the volatility seen in capital markets over the past year. The Fund's defensive positioning during the pullbacks of 2022 have resulted in the relative performance when compared to the broader high yield market. We remain focused on the potential for risk-managed investing to add value in increasingly volatile markets.

The Fund's investment process allocates assets between high-yield securities and investment grade securities using a proprietary quantitative model. This strategy employs a combination of short-, intermediate-, and long-term trend-following techniques to identify periods of favorable or unfavorable market conditions for high-yield and investment grade securities. In allocating portfolio investments between high-yield securities and investment grade securities including floating-rate funds, WST may consider multiple factors, including those related to credit, duration, the Fed policy and its expectations for the future course of interest rates and the then-prevailing price and yield levels in the debt market. WST selects securities for their potential for interest income, capital appreciation, or both.

As of August 31, 2022, the Fund had net assets of \$133.4 million, allocated 23.6% to high-yield securities and 76.4% to cash equivalents.

For the twelve-month period ended August 31, 2022, the Institutional Class shares of the Fund had a total return of -2.49%. During that time, the Bloomberg U.S. Corporate High Yield Bond Index returned -10.60 % and the Bloomberg U.S. Aggregate Bond Index returned -11.52%.

In conclusion, markets change over time, and although we may not know when these changes will occur, we do know that changing markets bring new investment opportunities. The Fund aims to capitalize on these opportunities as they arise. We look forward to providing you with funds that we believe will capture the benefits of rules-based investing founded on sound academic and industry research.

Sincerely,

Roger H. Scheffel Jr., Portfolio Manager
WST Capital Management
a division of Wilbanks, Smith & Thomas Asset Management, LLC

Past performance is not predictive of future performance. Investment results and principal value will fluctuate so that shares, when redeemed, may be worth more or less than their original cost. Current performance may be higher or lower than the performance data quoted. For performance information current to the most recent month-end, please call 1-866-515-4626.

An investor should consider the investment objectives, risks, charges and expenses of the Fund carefully before investing. The Fund's prospectus contains this and other important information. To obtain a copy of the Fund's prospectus please call 1-866-515-4626 and a copy will be sent to you free of charge. Please read the prospectus carefully before you invest. The Fund is distributed by Foreside Fund Services, LLC.

The Letter to Shareholders seeks to describe some of the Advisor's current opinions and views of the financial markets. Although the Advisor believes it has a reasonable basis for any opinions or views expressed, actual results may differ, sometimes significantly so, from those expected or expressed.

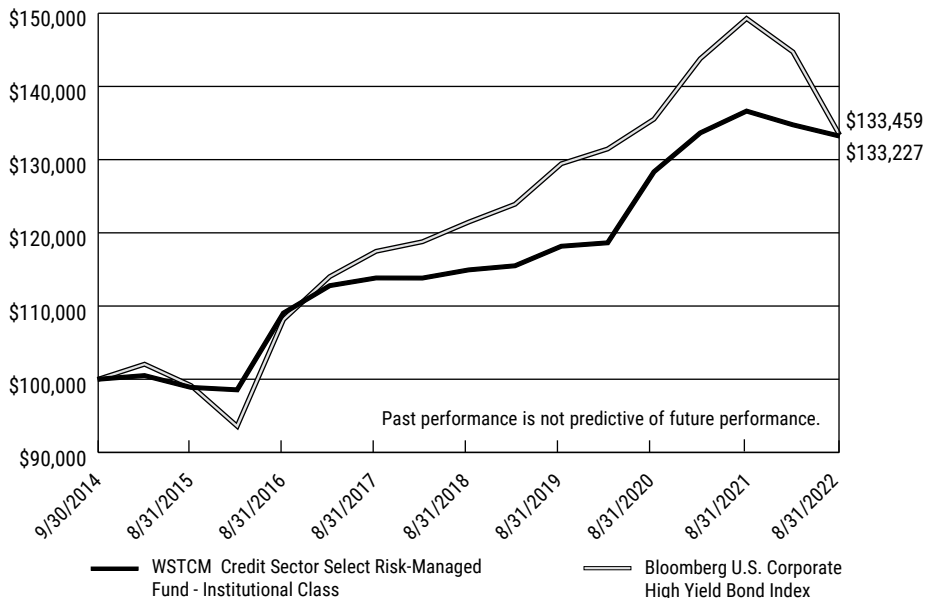

Statements in the Letter to Shareholder that reflect projections or expectation for future financial or economic performance of the Fund and the market in general and statements of the Fund's plans and objectives for future operations are forward-looking statements. No assurance can be given that actual results or events will not differ materially from those projected, estimated, assumed, or anticipated in any such forward-looking statements. Important factors that could result in such differences, in addition to factors noted with such forward-looking statements, include, without limitation, general economic conditions, such as inflation, recession, and changes in interest rates. Past performance is not a guarantee of future results.

PERFORMANCE INFORMATION

August 31, 2022 (Unaudited)

Comparison of the Change in Value of a \$100,000 Investment in WSTCM Credit Select Risk-Managed Fund - Institutional Class^(a) and the Bloomberg U.S. Corporate High Yield Bond Index

Average Annual Total Returns (for the periods ended August 31, 2022)

	<u>1 Year</u>	<u>5 Years</u>	<u>Since Inception^(c)</u>
WSTCM Credit Select Risk-Managed Fund - Institutional Class ^(b)	-2.49%	3.20%	3.69%
WSTCM Credit Select Risk-Managed Fund - Investor Class ^(b)	-2.92%	2.88%	3.41%
Bloomberg U.S. Corporate High Yield Bond Index	-10.60%	2.58%	3.71%

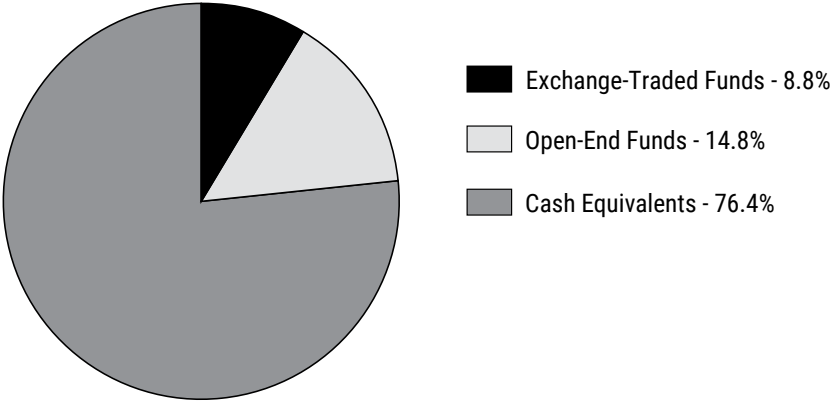

(a) The line graph above represents performance of the Institutional Class only, which will vary from the performance of the Investor Class based on the difference in fees paid by shareholders in the different classes.

(b) Total return is a measure of the change in value of an investment in the Fund over the period covered, which assumes any dividends or capital gain distributions are reinvested in shares of the Fund. Returns do not reflect the deduction of taxes a shareholder would pay on Fund distributions or the redemption of Fund shares.

(c) The Fund commenced operations on September 30, 2014.

WSTCM CREDIT SELECT RISK-MANAGED FUND

NOTES TO FINANCIAL STATEMENTS

August 31, 2022

1. Organization

WSTCM Credit Select Risk-Managed Fund (the "Fund") is a diversified series of WST Investment Trust (the "Trust"), an open-end management investment company organized as a Delaware statutory trust and registered under the Investment Company Act of 1940, as amended (the "1940 Act").

The investment objective of the Fund is to seek total return from income and capital appreciation.

The Fund offers two classes of shares (each a "Class" and collectively the "Classes"): Institutional Shares (sold without any sales loads or distribution fees, but available only to institutional investors and certain broker-dealers and financial institutions that have entered into appropriate arrangements with the Fund) and Investor Shares (sold without any sales loads, but subject to a distribution fee of up to 0.25% per annum of the average daily net assets attributable to Investor Shares). Each Class represents an ownership interest in the same investment portfolio.

2. Significant Accounting Policies

The Fund follows accounting and reporting guidance under Financial Accounting Standards Board Accounting Standards Codification Topic 946, *Financial Services – Investment Companies*. The following is a summary of the Fund's significant accounting policies used in the preparation of its financial statements. These policies are in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Securities valuation – The Fund values its portfolio securities at fair value as of the close of regular trading on the New York Stock Exchange ("NYSE") (normally 4:00 p.m. Eastern Time) on each day that the NYSE is open for business. In determining the value of the Fund's assets, portfolio securities, including exchange-traded funds ("ETFs"), are generally valued using quotations from the primary market in which they are traded. The Fund normally uses third party pricing services to obtain market quotations. To the extent the Fund is invested in other open-end investment companies, including money market funds, that are registered under the 1940 Act and are not traded on an exchange, the Fund's net asset value per share ("NAV") is calculated based upon the NAVs reported by such registered open-end investment companies, and the prospectuses for these companies explain the circumstances under which they will use fair value pricing and the effects of using fair value pricing. When using quoted prices or NAVs reported by underlying investment companies and when the market is considered to be active, securities will be classified as Level 1 (see below). Securities and assets for which market quotations are not readily available or which cannot be accurately valued using the Fund's normal pricing procedures are valued at fair value as determined in good faith under policies adopted by the Trust's Board of Trustees (the "Board"). Fair value pricing may be used, for example, in situations where (i) portfolio securities, such as securities with small capitalizations,

WSTCM CREDIT SELECT RISK-MANAGED FUND

NOTES TO FINANCIAL STATEMENTS (Continued)

are so thinly traded that there have been no transactions for that stock over an extended period of time; (ii) an event occurs after the close of the exchange on which the portfolio security is principally traded that is likely to change the value of the portfolio security prior to the calculation of the Fund's NAVs; (iii) the exchange on which the portfolio security is principally traded closes early; or (iv) trading of the portfolio security is halted during the day and does not resume prior to the calculation of the Fund's NAVs. In such cases, a portfolio security's "fair value" price may differ from the price next available for that portfolio security using the Fund's normal pricing procedures, and the fair value price may differ substantially from the price at which the security may ultimately be sold. Fair valued securities will be classified as Level 2 or 3 within the fair value hierarchy, depending on the inputs used.

GAAP establishes a single authoritative definition of fair value, sets out a framework for measuring fair value and requires additional disclosures about fair value measurements.

Various inputs are used in determining the value of the Fund's investments. These inputs are summarized in the three broad levels listed below:

- Level 1 – quoted prices in active markets for identical securities
- Level 2 – other significant observable inputs
- Level 3 – significant unobservable inputs

The inputs or methodology used for valuing securities are not necessarily an indication of the risks associated with investing in those securities. The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement.

The following is a summary of the Fund's investments and the inputs used to value the investments as of August 31, 2022:

	Level 1	Level 2	Level 3	Total
Exchange-Traded Funds	\$ 11,706,397	\$ –	\$ –	\$ 11,706,397
Open-End Funds	19,690,426	–	–	19,690,426
Money Market Funds	<u>102,099,437</u>	–	–	<u>102,099,437</u>
Total	<u>\$ 133,496,260</u>	<u>\$ –</u>	<u>\$ –</u>	<u>\$ 133,496,260</u>

The Fund did not hold any derivatives or assets or liabilities that were measured at fair value on a recurring basis using significant unobservable inputs (Level 3) as of or during the year ended August 31, 2022.

WSTCM CREDIT SELECT RISK-MANAGED FUND

NOTES TO FINANCIAL STATEMENTS (Continued)

Share valuation – The NAV per share of each Class of the Fund is calculated as of the close of trading on the NYSE (normally 4:00 p.m., Eastern Time) on each day the NYSE is open for business. The NAV of each Class of the Fund is calculated by dividing the total value of the assets attributable to that Class, less liabilities attributable to that Class, by the number of shares of that Class outstanding. The offering price and redemption price per share of each Class of the Fund is equal to the NAV of such Class.

Investment transactions and investment income – Investment transactions are accounted for on their trade date. Cost of investments sold is determined on a specific identification basis. Dividend income and realized capital gain distributions are recorded on the ex-dividend date. Non-cash dividends included in dividend income, if any, are recorded at the fair market value of the securities received. Interest income, if any, is accrued as earned and includes amortization of discounts and premiums.

Allocation between Classes – Investment income earned, realized capital gains and losses, and unrealized appreciation and depreciation are allocated daily to each Class of the Fund based upon its proportionate share of total net assets of the Fund. Class-specific expenses are charged directly to the Class incurring the expense. Common expenses which are not attributable to a specific Class are allocated daily to the Class of shares of the Fund based upon its proportionate share of total net assets of the Fund.

Distributions to shareholders – Dividends arising from net investment income, if any, are declared and paid quarterly to shareholders. Net realized capital gains, if any, are distributed at least annually. The amount of distributions from net investment income and net realized capital gains are determined in accordance with income tax regulations, which may differ from GAAP, and are recorded on the ex-dividend date. The tax character of distributions paid during the years ended August 31, 2022 and 2021 was ordinary income.

Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of increase (decrease) in net assets resulting from operations during the reporting period. Actual results could differ from those estimates.

Federal income tax – The Fund has qualified and intends to continue to qualify each year as a “regulated investment company” under Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”). Qualification generally will relieve the Fund of liability for federal income taxes to the extent 100% of its net investment income and net realized capital gains are distributed in accordance with the Code.

WSTCM CREDIT SELECT RISK-MANAGED FUND

NOTES TO FINANCIAL STATEMENTS (Continued)

In order to avoid imposition of the excise tax applicable to regulated investment companies, it is also the Fund's intention to declare as dividends in each calendar year at least 98% of its net investment income (earned during the calendar year) and 98.2% of its net realized capital gains (earned during the twelve months ended October 31) plus undistributed amounts from prior years.

The following information is computed on a tax basis for each item as of August 31, 2022:

Tax cost of portfolio investments	\$ 134,290,760
Gross unrealized appreciation	\$ -
Gross unrealized depreciation	(794,500)
Net unrealized depreciation on investments	(794,500)
Undistributed ordinary income	279,937
Accumulated capital and other losses	(1,073,240)
Accumulated deficit	\$ (1,587,803)

The difference between the federal income tax cost of portfolio investments and the financial statement cost of portfolio investments is due to certain timing differences in the recognition of capital gains or losses under income tax regulations and GAAP. These "book/tax" differences are temporary in nature and are primarily due to the tax deferral of losses on wash sales.

During the year ended August 31, 2022, the Fund utilized capital loss carryforwards ("CLCFs") of \$908,260 to offset current year gains. As of August 31, 2022, the Fund had short-term CLCFs of \$1,073,240 for federal income tax purposes. These CLCF's, which do not expire, may be utilized in future years to offset net realized capital gains, if any, prior to distributing such gains to shareholders.

The Fund recognizes the tax benefits or expenses of uncertain tax positions only when the position is "more likely than not" to be sustained assuming examination by tax authorities. Management has reviewed the Fund's tax positions for all open tax years (generally, three years) and has concluded that no provision for unrecognized tax benefits or expenses is required in these financial statements.

During the year ended August 31, 2022, the Fund did not incur any interest or penalties. Generally, tax authorities can examine tax returns filed during the last three years. The Fund identifies its major tax jurisdiction as U.S. Federal.

3. Investment Transactions

During the year ended August 31, 2022, the cost of purchases of investment securities and the proceeds from sales of investment securities, other than short-term investments, amounted to \$334,699,100 and \$367,729,145, respectively.

WSTCM CREDIT SELECT RISK-MANAGED FUND

NOTES TO FINANCIAL STATEMENTS (Continued)

4. Transactions with Related Parties

The Managing Principal and Chief Investment Officer of Wilbanks, Smith & Thomas Asset Management, LLC, d/b/a WST Capital Management (the "Advisor") and the chair of its Investment Committee is also the President and a Trustee of the Trust. Certain other officers of the Trust are also officers of the Advisor, or of Ultimus Fund Solutions, LLC ("Ultimus"), the Trust's administrator, transfer agent, and fund accounting agent.

COMPENSATION OF TRUSTEES

Trustees of the Trust who are affiliated with the Advisor receive no fees from the Fund. The Fund pays Trustees who are not affiliated with the Advisor a fee of \$8,500 each year, plus \$500 for each meeting attended in person or by telephone. The Fund reimburses each Trustee and officer of the Trust for his or her travel and other expenses related to attendance at Board or committee meetings, if any.

INVESTMENT ADVISORY AGREEMENT

The Fund's investments are managed by the Advisor pursuant to the terms of an Investment Advisory Agreement. Under the Investment Advisory Agreement, the Fund pays the Advisor an advisory fee, computed and accrued daily and paid monthly, at the annual rate of 0.60% of its average daily net assets.

The Advisor has entered into an Expense Limitation Agreement ("ELA") with the Fund under which it has agreed to waive or reduce its fees and to assume other expenses of the Fund, if necessary, in an amount that limits the annual operating expenses of the Fund (exclusive of interest, taxes, brokerage fees and commissions, other expenditures that are capitalized in accordance with GAAP, acquired fund fees and expenses, other extraordinary expenses not incurred in the ordinary course of the Fund's business, and payment, if any, under a Rule 12b-1 Distribution Plan) to not more than 1.15% of the average daily net assets allocable to each Class until January 1, 2023. Any fee waivers and expense reimbursements by the Advisor are not subject to recoupment. It is expected that the Fund's ELA will continue from year-to-year provided such continuance is approved by the Board. The Board may terminate the ELA of the Fund at any time. The Advisor may also terminate the Fund's ELA at the end of the then-current term upon not less than 90 days' notice to the Trust. During the year ended August 31, 2022, the Advisor reimbursed \$3,773 and \$7,720 of other expenses applicable to Institutional Shares and Investor shares, respectively.

The Chief Compliance Officer of the Trust (the "CCO") is an employee of the Advisor. The Advisor, not the Trust, pays the CCO for their services.

OTHER SERVICE PROVIDERS

Ultimus provides administration, accounting and transfer agency services to the Fund. The Fund pays Ultimus fees in accordance with the agreements for such services. In addition, the Fund pays out-of-pocket expenses including, but not limited to, postage, supplies and certain costs related to the pricing of the Fund's portfolio securities.

WSTCM CREDIT SELECT RISK-MANAGED FUND

NOTES TO FINANCIAL STATEMENTS (Continued)

Under the terms of a Distribution Agreement with the Trust, Foreside Fund Services, LLC (“Foreside”) serves as the principal underwriter and exclusive agent for the distribution of shares of the Fund. Foreside is not compensated by the Fund except as allowed under the Fund’s Distribution Plan (discussed in Note 5) but instead will be paid by the Advisor who pays Foreside for certain distribution related services.

5. Distribution Plan

The Fund has adopted a Distribution Plan (the “Plan”) in accordance with Rule 12b-1 under the 1940 Act that allows Investor Shares of the Fund to pay for certain expenses related to the distribution of such Shares, including, but not limited to, payments to securities dealers and other persons (including Foreside) who are engaged in the sale of Investor Shares of the Fund or who render shareholder support services not otherwise provided by Ultimus. The annual limitation for payment of expenses pursuant to the Plan is 0.25% per annum of the Fund’s average daily net assets allocable to Investor Shares. During the year ended August 31, 2022, \$34,536 of expenses were incurred under the Plan by Investor Shares of the Fund.

6. Investment in Other Investment Companies

The Fund may invest a significant portion of its assets in shares of one or more investment companies, including ETFs, open-end mutual funds and money market mutual funds. The Fund will incur additional indirect expenses (acquired fund fees and expenses) to the extent it invests in shares of other investment companies. As of August 31, 2022, the Fund had 76.5% of the value of its net assets invested in money market funds. Each money market holding individually represents more than 25% of the net assets of the Fund, and the financial statements for each can be found at www.sec.gov.

7. Contingencies and Commitments

The Fund indemnifies the Trust’s officers and Trustees for certain liabilities that might arise from their performance of their duties to the Fund. Additionally, in the normal course of business, the Fund enters into contracts that contain a variety of representations and warranties and which provide general indemnifications. The maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Fund that have not yet occurred.

8. Subsequent Events

The Fund is required to recognize in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed as of the date of the Statement of Assets and Liabilities. For non-recognized subsequent events that must be disclosed to keep the financial statements from being misleading, the Fund is required to disclose the nature of the event as well as an estimate of its financial effect, or a statement that such an estimate cannot be made. Management has evaluated subsequent events through the issuance of these financial statements and has noted no such events.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders WSTCM Credit Select Risk-Managed Fund and
Board of Trustees of WST Investment Trust

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of WSTCM Credit Select Risk-Managed Fund (the "Fund"), a series of WST Investment Trust, as of August 31, 2022, the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, the related notes, and the financial highlights for each of the five years in the period then ended (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of August 31, 2022, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on the Fund's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of August 31, 2022, by correspondence with the custodian. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as the Fund's auditor since 2013.

WSTCM CREDIT SELECT RISK-MANAGED FUND

ABOUT YOUR FUND'S EXPENSES (Unaudited)

We believe it is important for you to understand the impact of costs on your investment. All mutual funds have operating expenses. As a shareholder of the Fund, you incur ongoing costs, including management fees, class specific expenses (such as Rule 12b-1 distribution fees) and other operating expenses. The following examples are intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds.

A mutual fund's ongoing costs are expressed as a percentage of its average net assets. This figure is known as the expense ratio. The expenses in the table that follow are based on an investment of \$1,000 made at the beginning of the most recent period (March 1, 2022) and held until the end of the period (August 31, 2022).

The table that follows illustrates the Fund's ongoing costs in two ways:

Actual fund return – This section helps you to estimate the actual expenses that you paid over the period. The “Ending Account Value” shown is derived from the Fund's actual return, and the fourth column shows the dollar amount of operating expenses that would have been paid by an investor who started with \$1,000 in the Fund. You may use the information here, together with the amount you invested, to estimate the expenses that you paid over the period.

To do so, simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number given for the Fund under the heading “Expenses Paid During Period.”

Hypothetical 5% return – This section is intended to help you compare the Fund's ongoing costs with those of other mutual funds. It assumes that the Fund had an annual return of 5% before expenses during the period shown, but that the expense ratio is unchanged. In this case, because the return used is not the Fund's actual return, the results do not apply to your investment. The example is useful in making comparisons because the U.S. Securities and Exchange Commission (the “SEC”) requires all mutual funds to calculate expenses based on a 5% return. You can assess the Fund's ongoing costs by comparing this hypothetical example with the hypothetical examples that appear in shareholder reports of other funds.

Note that expenses shown in the table are meant to highlight and help you compare ongoing costs only. The Fund does not charge transaction fees, such as purchase or redemption fees, and does not charge a “sales load.” The calculations assume no shares were bought or sold during the period. Your actual costs may have been higher or lower, depending on the amount of your investment and the timing of any purchases or redemptions.

ABOUT YOUR FUND'S EXPENSES (Unaudited) (Continued)

More information about the Fund's expenses can be found in this report. For additional information on operating expenses and other shareholder costs, please refer to the Fund's prospectus.

	Beginning Account Value March 1, 2022	Ending Account Value August 31, 2022	Net Expense Ratio ^(a)	Expenses Paid During Period ^(b)
<i>Institutional Class</i>				
Actual Fund Return	\$1,000.00	\$ 988.60	0.95%	\$4.76
Hypothetical 5% Return (before expenses)	\$1,000.00	\$1,020.42	0.95%	\$4.84
<i>Investor Class</i>				
Actual Fund Return	\$1,000.00	\$ 986.80	1.37%	\$6.86
Hypothetical 5% Return (before expenses)	\$1,000.00	\$1,018.30	1.37%	\$6.97

^(a) Annualized, based on the Fund's most recent one-half year expenses.

^(b) Expenses are equal to the Fund's annualized net expense ratio multiplied by the average account value over the period, multiplied by 184/365 (to reflect the one-half year period).

OTHER INFORMATION (Unaudited)

The Trust files a complete listing of the Fund's portfolio holdings with the SEC as of the end of the first and third quarters of each fiscal year as an exhibit to its reports on Form N-PORT. These filings are available free of charge upon request by calling the Trust toll-free at 1-866-515-4626. Furthermore, you may obtain a copy of these filings on the SEC's website at www.sec.gov.

A description of the policies and procedures that the Fund uses to determine how to vote proxies relating to portfolio securities is available without charge upon request by calling the Trust toll-free at 1-866-515-4626, or on the SEC's website at www.sec.gov. Information regarding how the Fund voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is available without charge upon request by calling the Trust toll-free at 1-866-515-4626, or on the SEC's website at www.sec.gov and on the Fund's website www.wstamfunds.com.

FEDERAL TAX INFORMATION (Unaudited)

Qualified Dividend Income – The Fund designates none of its ordinary income dividends as qualified dividend income eligible for the reduced tax rate of 15%.

Dividends Received Deduction – Corporate shareholders are generally entitled to take the dividends received deduction on the portion of the Fund's ordinary income dividends that qualifies under tax law. For the Fund's fiscal year ended August 31, 2022, none of ordinary income dividends qualified for the corporate dividends received deduction.
